Title: RECOMBINANT POLYPEPTIDE FOR USE IN THE MANUFACTURE OF
VACCINES AGAINST CAMPYLOBACTER INDUCED DIARRHEA AND TO
REDUCE COLONIZATION

TRANSMITTAL LETTER

ATTN: Certificate of Correction Branch
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Through an error by the Patent and Trademark Office, the first word of the title to US patent no. 6,987,176 issued January 17, 2006 is incorrect. The title should read "Recombinant polypeptide for use in the manufacture of vaccines against *Campylobacter* induced diarrhea and to reduce colonization."

Under 37 CFR 1.322, "[i]f the nature of the mistake on the part of the Office is such that a certificate of correction is deemed inappropriate in form, the Director may issue a corrected patent in lieu thereof as a more appropriate form for certificate of correction, without expense to the patentee." Because the error is in the title of the patent and therefore may affect the ability of the document to be located by a computer search, it is requested that a corrected patent and ribbon copy with the correct title be issued. As a lesser alternative, it is requested that a Certificate of Correction reflecting the correct title be issued. Form PTO/SB/44 is submitted reflecting the correction.

Respectfully submitted,

By:

Joseph K. Hemby, Jr.
